There are no charter schools in this district.			

REPORT OF SUPERINTENDENT

During the 2012-13 school year, the District developed strategies to support core learning. Elementary schools noticed an increase in the number of students performing on grade level in math, based on our benchmark assessment. This increase is attributed to teachers and their commitment to school-wide professional development and establishing a common language that permeates from pre-kindergarten through fifth grade. Our middle and high schools focused on reading in the content area. Benchmark assessments for ninth grade indicated that in the Fall of 2012 60.9 percent of our ninth grade students were reading on grade level; by Spring 2013 88.8 percent were reading on grade level.

In addition to teaching and learning in the core subjects, the District focused on the arts as a tool to extend student learning. Chorus, band and visual arts are offered for students in elementary, middle and high school. Many of our students have demonstrated an increased interest in learning due to the excellent opportunities for showcasing talent in the arts. The District held an arts competition for students in grades K-12 with renowned artist, Jonathan Green. Students in middle and high school band participated in local and state competitions. Students from the middle school performed for the Charleston Hockey League and for The X-Factor, with Simon Cowell. Students performed in plays and dramatizations in elementary, middle and high schools – a creative method of increasing language and writing skills.

The District placed emphasis on accelerated courses and advancing our students. Through a partnership with the University of South Carolina/Beaufort and the Technical College of the Low Country many of our students took advantage of advanced courses. Career readiness continues to be a focus for students in grades seven through twelve, through the five-year GEAR-UP Grant. The grant provides adult support for students with graduation coaches up to the students' first year of college. This year was our first year for the consolidated middle and high schools. The new Hardeeville-Ridgeland Middle School and the new Ridgeland-Hardeeville High School, combined resources to better serve our students. On May 31, 2013, one hundred sixty-five (165) graduates proudly graced the stage to receive their diplomas and received more than \$3.5 million in scholarships. We are not where we ought to be academically, but with patience, consistency and determination, the Jasper County School District will live the dream. Join us!

Vashti K. Washington, Ed.D. Superintendent
Jasper County School District

Berty Riley, Chairman
Jasper County Board of Trustees
